

# Winter Twilight

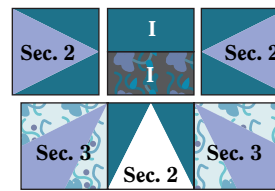

## Foundation Patterns

Quiltmaker editor Caroline Reardon adapted a design by Irma Gail Hatcher (published in the May 1987 issue of *Quilter's Newsletter Magazine*) to create "Winter Twilight". Complete directions, including yardage information, for a pieced version of "Winter Twilight" appear in the January/February 2002 (#83) issue of *Quiltmaker* magazine. These foundation patterns are a "Web Extra" from *Quiltmaker*!

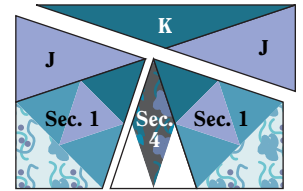

Use the following foundation patterns to piece the quilt blocks, and refer to the block diagrams at right when completing your quilt top.
