1 Print all of the patterns at 100% size, with no page scaling options checked.

2 The printable shapes can be cut out and wrapped with fabric. Be sure to cut all fabric with a $\frac{1}{4}$ " (6 mm) seam allowance added on.

Note: Cut and wrap the pieces with care to allow the pattern to come together perfectly.

3 For a helping hand with any aspect—from creating templates for fabric-cutting to sewing with a whip-stitch—please consult the extensive techniques section in chapter 3.

4 For project-specific tips, refer to the directions for sewing the Rosettes and The Ripple Effect Quilt.

Basic SHAPES: *45-Degree Diamonds*

These common EPP shapes can be used to create your own designs. Remember fabrics should be cut $\frac{1}{4}$ " (6 mm) bigger on all sides in order to wrap these paper shapes.
