Four Buds
12” Block

This retro block, published in The Progressive Farmer magazine back in 1949, isn’t seen often today and is due for a comeback. Make it with country-style prints to emphasize the geometric flower buds, or use a modern collection like Maker from Art Gallery Fabrics, as shown here, to create a more abstract look.

ROTARY CUTTING
Measurements include ¼” seam allowances.
Align arrows with lengthwise or crosswise grain of fabric.
