

Try this method to make perfect triangle-squares every time.

1. Using squares that are 1"–1½" larger than desired finished size of triangle-square, align 45° line of ruler along diagonal seam of triangle-square, allowing top and right edges to extend slightly past the edges of ruler.

2. Trim along top and right edge of ruler.

3. Turn triangle-square. Align ruler's 45° line with seam, and unit's cut edges with desired measurements. Trim top and right sides to square up unit.

Products used: Havel's Self-Healing Cutting Mat, Havel's 45mm Rotary Cutter, and Havel's 6½" Fabric Ruler. Fabrics from Garden Glory collection by Maja Ronnback and Abstract Collage collection by Ampersand, both for Paintbrush Studio Fabrics.
