Planning

By doubling the finished sizes of the blocks and other elements, John's striking wall hanging design becomes a dramatic lap size quilt. John used black and gray patches interchangeably in his block piecing, and placed assorted purple and blue patches randomly, giving the design depth and additional interest. The wide black border is a perfect place to showcase machine or hand quilting.

The pattern for the wall hanging (31½" x 37½") size of this design is in the January/February 2012 issue of McCall's Quilting.
