Planning & Cutting

This modern I-Spy quilt uses cotton solid fabrics surrounding squares of fun novelty prints, each different than the next. While the white and navy solid fabrics are consistent throughout, there are a variety of similar green, aqua and light blue solids to surround the print squares. Our instructions have you cut 18 width of fabric strips of the assorted solids, but if you prefer to use more colors you can make shorter strip sets of as many colors as you like.

Use an accurate 1/4" seam allowance throughout to ensure all elements of the quilt fit together well.
