Starting Your Series Quilt

Sarah's lively quilt showcases vibrant contemporary prints from her Transformations collection for Benartex. The first 5 installments in this 6-part series provide instructions for making the blocks and pieced units. Our final installment includes instructions for quilt assembly, quilting and finishing.

McCall's Quilting instructions and templates are for traditional appliqué techniques. Note that the appliqués in Sarah's quilt are fused and edge-stitched using satin stitch and other decorative machine stitches using her embroidery appliqué methods. If you fuse your appliqué, be sure to reverse any asymmetrical shapes.

The purple dot is used in some of the blocks as well as the binding; the green/yellow geometric print is used in the unit piecing and appliqué, as well as border

corners. Referring to the **Cutting Instructions for Border Corners and Binding**, cut patches and strips listed and set them aside to use in Part 6, before beginning block and unit cutting and construction. Cutting instructions for the aqua/green circles print (center square and borders) will be given in Part 6; cutting instructions for blocks are given with each block pattern. Save all fabric left over after each part for future installments.
